

**Perma Tech Inc.**

*"Your Single Source for ALL Your Loading Dock Needs"*

## **PermaHOOK**

### **The Electric Truck Restraint**

The PermaHook is an electric hook restraint that is mounted to the face of the wall and uses a floating head which allows for continued pressure on the ICC bar, which allow the hook to adjust to any trailer movements. The PermaHOOK is an eco-friendly alternative to the hydraulic truck restraint, and is electrically operated with the aid of a complete interior and exterior communication package.

#### **Key Features and Benefits:**

- Floating head self-adjusting to various heights
- 32,000 lbs. restraining strength
- Interior/ Exterior LED communication package
- Zinc plated to resist corrosion
