# PERMA INSECT ROLL UP DOOR

The Perma Insect Screen Door is a great choice for areas with light to moderate traffic. The door is very compact and requires little overhead space.

## INCLUDED FEATURES:

- \* Tubular motor 115V/1PH
- \* Adjustable limit switches
- \* Spring loaded end pin for ease of installation
- \* Galvanized guide track
- \* Safety orange guide strips
- \* Extruded anodized aluminum wind ribs
- \* Bottom wind bar with a high visibility seal
- \* Interchangeable sectional panel for seasonal requirements
- \* User friendly Control Switch

## SCREEN DOOR PANEL

Our Insect Screen Door comes with a mesh PVC coated fabric available in a variety of colors. It has high visibility and great ventilation with an option of Standard Weave or Tight Weave.

**Standard Colors:** Blue, Black  
Mildew and rot resistant.

## SAFETY

Operating this lightweight door will reduce the risk of work-place injury. This allows you to keep your garage door open for the day while maintaining a barrier for the outside world. Increased visibility will provide a safer workplace for everyone.
