THE SENTINEL

Perma Soft-sided Dock Shelter with NF Curtain

The Perma Sentinel Shelter was designed to accommodate higher dock door openings and varying truck heights. The foam sides are designed to lessen the chance of damage caused by off center trailers and lift gates and other specialty trailer design that allows for full access to the trailer.

FEATURES & OPTIONS

NF STYLE HEAD CURTAIN:

Choice of many heavy duty fabrics, all with fiberglass stay stiffeners on top of head curtain and Perma Pleat wear flaps on each end at truck contact points. NF (NO FOAM)

SIDE CURTAINS:

Same fabric as head curtain with fiberglass stay stiffeners. Extra wear area on bottom of curtains at critical truck contact points. The side curtains are easily removed in summer (to reduce wear) or to replace.

SIDE FRAME:

Foam filled side pads, high density full memory foam with 2" x 6" or 8" wide pressure treated back boards.

Option: 16 ga. steel backing available

FOAM EDGE:

Fabric covered foam strip on leading edge of side curtains for a snug fit against trailer sides.

YELLOW GUIDE PATCH:

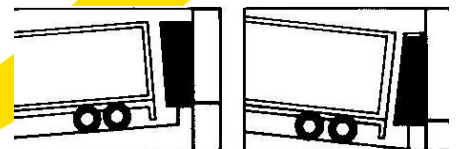

18oz yellow guide stripes for accurate truck positioning. Various guide patch heights available.

BOTTOM DRAFT CUSHIONS:

Designed for an improved seal at the bottom of the shelter behind the side curtains. Independent of the side curtains for easy and economical replacement. Hi-Visibility "NO STEP" printed on draft cushions for dock operator safety.

DECLINE OR INCLINE:

Tapered dock shelter projections are available to accommodate inclined or declined approaches.
