

Perma Tech, Inc.

"Your Single Source for ALL Your Loading Dock Needs"

PERMA MRI AIR

Perma Tech Inflatable MRI AIR Shelter is designed to provide a weather protected enclosure between the MRI trailer and the building. In the extended position our high volume blower(s) hold the shelter firmly inflated against the trailer for protected loading and unloading.

FEATURES AND OPTIONS

Air Chamber Fabric: 18oz fire retardant vinyl

Wall Support Frame: Pressure treated wood or steel channel

High Volume Blower Motor: 1/2H.P. 1200 CFM, 115V-60Hz, Full Load Amp 7.3, 1390 RPM, Max Inlet Temp 104°

Overall Dimensions:

- Height 15"
- Width 12"
- Depth 13-1/8"

Galvanized steel canopy over blower included

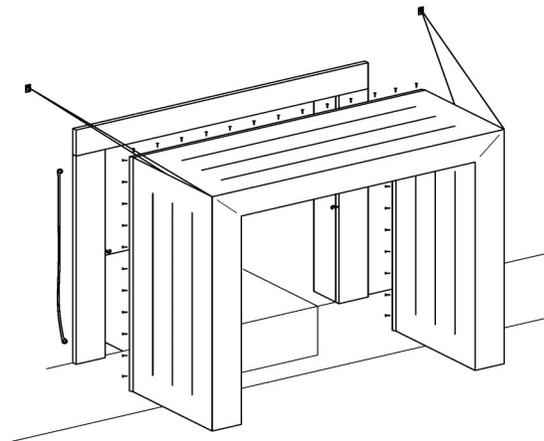

High-volume blowers inflate the shelter quickly and maintain the shelter in the extended position

When retracted and secured with the tie-back straps the unit only projects several inches from the building wall

Available in three & four sided models, with removable bottom

OPTIONS:

- ◆ Leviton 15/20A heavy duty switch with a 3 hole 1/2" or 3/4" plastic wet location outlet box and toggle switch cover
- ◆ 16 gauge galvanized steel framing
- ◆ Perma Metal Hood
- ◆ Several color choices

TRACK & TROLLEY SYSTEM

Heavy duty track & trolley system utilizes an enclosed "U" shaped zinc-plated steel track and steel wheeled trolleys with permanently lubricated stainless steel wheel bearings to suspend and support the air shelter while inflated and deflated.
