

**Perma Tech, Inc.**

*"Your Single Source for ALL Your Loading Dock Needs"*

## **PERMA RAIN DAM**

The Perma Tech RAIN DAM keeps moisture out of the loading/unloading area with a remarkable "wiper" pad seal that engages the trailer's top. It's remarkable because it works so well and yet it is so simple. It requires virtually no maintenance.

### **RAIN DAM FEATURES**

- ◆ Protects the dock from moisture infiltration, keeping products safe from costly water damage.
- ◆ Automatic positioning, no manual activation necessary.
- ◆ Heavy-Duty steel channel head frame.
- ◆ Translucent fiberglass covered, peaked head frame to shed water off to the sides.
- ◆ Highly resilient, full-memory foam core protected by multiple layers of durable coated industrial fabric.
- ◆ Rugged side support brackets for mounting over existing equipment.
- ◆ Frame side covers provide extra protection for the dock area.
- ◆ Trailer height coverage from 12'-8" and higher.
- ◆ Lower truck coverage available with "XL" units.
- ◆ Front seal pad is replaceable

*Our Remarkable Rain Dam is also available in an "XL" version with an extended service range for loading docks servicing lower trailers.*
